WORK/LEISURE ACTIVITIES Work Responsibilities-lifting, bending, stooping, twisting, turning, carrying, walking, standing, etc Leisure- sports and exercise type, frequency, length of time, etc.

CANCELLATION POLICY, NO SHOW POLICY, AND TEXT MESSAGE REMINDERS:

IMPORTANT: You MUST respond to text reminders regarding your appointment(s)!

We understand that situations arise in which you must need to reschedule your appointment. It is therefore requested that if you must cancel your appointment you provide, at minimum, <u>12 hours notice.</u>

This is of extreme importance as Bridgewater Chiropractic strives to have "emergency" appointments available for those that need same-day visits. Without your response to text/voicemail reminders OR no-show appointments, we cannot effectively serve our patients as a whole.

Patients who do not show up for their appointment without notification to our office staff will be considered a NO SHOW.

Patients who No-Show two (2) or more times within a 6 month period may be dismissed from the practice.

Patients will be subject to a \$25.00 No-Show Fee without prior notification to the office staff.

Cancellation or No Show fees are the sole responsibility of the patient and must be paid in full before the patient's next appointment. We also understand that special unavoidable circumstances may cause you to cancel within 24 hours. Fees in this instance may be waived but only with management approval.

Electronic Communication: By signing below you are giving consent to Bridgewater Chiropractic to send text message reminders regarding appointments and/or emailed messages for relevant communication pertaining to this practice.

Please sign that you have read and understand the statements above.

FINANCIAL RESPONSIBILITY: Advance Beneficiary Notice of Non-Coverage (ABN Form)

Financial Responsibility for Care: If your insurance does not reimburse for the services listed below, you will be financially responsible for such differences.

A physical exam is required by our office for the safety of all patients. If your insurance does not cover the physical exam when performed by a chiropractor, you will be financially responsible for this service.

As such, your insurance may not reimburse for the following:

- Physical Examination (99204, 99203)
- Extremity (Extraspinal) Adjustments 98943

Please sign that you have read and understand the statements above.

INFORMED CONSENT

Informed Consent For Chiropractic Care: Prior to receiving chiropractic care, a health history and physical examination will be completed upon your first visit. These procedures are performed to assess your specific condition, your overall health and, in particular, your spinal health. These procedures will assist us in determining if chiropractic care is needed, or if any further examinations or studies are needed; i.e. x-rays, etc. In addition, they will help us determine if there is any reason to modify your care or provide you with a referral to another health care provider. All relevant findings will be reported to you along with a course of action prior to beginning care.

Please alert Dr. Bello and/or the office staff should anything change between your first visit and present time; i.e. surgeries performed, new medications prescribed, etc.

Chiropractic care, like all forms of health care, while offering considerable benefit may also have some level of risk. This level of risk is most often very minimal, yet in rare cases injury has been associated with chiropractic care. The types of complications that have been reported secondary to chiropractic care include sprain/strain injuries, irritation of a disc condition, and rarely, fractures. One of the rarest complications associated with chiropractic care, occurring at a rate between one instance per one million to one per two million cervical spine (neck) adjustments may be a vertebral artery injury that could lead to stroke.

I understand the statements above and give my consent to the examinations that the doctor deems necessary, and to the chiropractic care including spinal adjustments, as reported following my assessment.
